French jazz and cabaret for all occasions

Deja-Nous has been performing across Vermont and the Hudson River Valley for over two years. Playing with a variety of talented musicians, Jean-Jacques and Nate deliver entertaining and passionate performances of contemporary jazz, traditional music-hall, and folk from around the French-speaking world.

Shows can be tailored to the venue. From a full-scale production with audience interaction and props and a jazz combo, to low-key entertainment during dinner or drinks with a piano/vocal duo, Deja-Nous is able to accommodate and adapt to most any situation.

Casey Rea of Seven Days has described Jean-Jacques as, "a francophone version of Dick Van Dyke's Mary Poppins chimney sweep character, [who] bowls you over with affable melody." "Pianist Nate Venet's playful ivory work... is captivating."

Both skilled and playful, evocative and humorous, let Deja-Nous entertain your audiences, and bring them to the city of lights!

The Romance of Paris album, available on our website, along with audio clips.
